

## Chronic Dyspepsia Cured.

## HAVE BEEN MERGED

Porto Rico, Ladrone and Cuban Questions Now in One.

## THE STUMBLING BLOCK

For the Peace Commissioners Is Cuba's Debt—Spain May Make a Grandstand Play For the Benefit of Her Creditors. Nothing Made Public as to the Last Exchange of Papers by Commissioners.

Paris, Oct. 25.—The consideration by the commissioners of the Porto Rico and Ladrone questions have now been merged with the Cuban question and all the points involved are being carried forward to a simultaneous conclusion.

When this has been arrived at the Philippine question will be taken up. Of course, there is a possibility of a disagreement, and the Spaniards, if the American commissioners decide not to assume any portion of the Cuban indebtedness, may announce their unwillingness to proceed any further with negotiations based upon the protocol. Should the Spaniards decide to do this, it will be because they wish to excite the pity of their creditors and of other nations. The cortes may then be asked to indorse their action.

In fact, Spaniards may even prefer a resumption of hostilities to acquiescence in the American refusal to share their financial burden. The Americans, however, have intimated to the Spaniards that Spain may at some future period be able to deal with an independent government regarding the assumption of the provincial and municipal portions of the Cuban debt, which is estimated to have been \$150,000,000 before the last rebellion in Cuba broke out, and \$300,000,000 contracted since 1895. But should independent Cuba, as she doubtless would, refuse to assume more than her proportion of the debt, based on actual betterments in Cuba, and only, even in this case, of obligations contracted previous to 1895, Spain would be compelled to appeal to her people and confront them with practically seven-eighths of the debt contracted since.

Spain, however, will not break off the present negotiations before having proposed that the United States share half the insular debt, which, in such a proposition, may be placed at \$700,000,000, the interest rate to be reduced to 2 per cent, which, Spain may hold, practically reduces her share to \$116,000,000, the portion proposed to be borne by the United States or guaranteed thereby. Such a proposition would not be accepted by the United States, either directly or in behalf of Cuba.

The adjournment of the joint committee yesterday until tomorrow, Guam, in the Ladrone islands, has been chosen by the Americans for the United States under the terms of the protocol, and the session of Porto Rico, the formal transfer of which is practically accomplished.

The chief matter considered at yesterday's session was the American reply to Spain's revised and renewed propositions of the last meetings and the indications are that the Cuban question will be disposed of this week. But no details have been given out by either side regarding Spain's presentment of Friday last, or the American reply to the same submitted yesterday.

## SHALLOWNESS OF SINKS

Caused the Sickness at Chickamauga, Says Major Vickers.

Anniston, Ala., Oct. 25.—The war investigating commission yesterday examined several witnesses, including a number of officers and men of the regular troops, as well as volunteer officers.

It is undoubtedly a fact that our grandmothers, the pioneer women of the country, led more laborious lives than the housewives of today. In spite of this fact, they bore their husbands' health, robust sons and daughters, and did not become weak, complaining invalids as a consequence.

There are probably several reasons for this. One is, that they lived more in the open air, and another, and probably the most influential of all, is that they were less prudish than the women of today. They were not ashamed to know something of their own physical make-up. They were not too nice to take care of their health in a womanly way. Women now-a-days suffer untold tortures in silence, because of weakness and disease of the distinctly feminine organism, rather than consult a physician, or even talk upon the subject to their own husbands. They imagine that troubles of this description can only be cured by undergoing the disgusting examinations and local treatment insisted upon by the average modern physician. Doctor Pierce's Favorite Prescription cures all diseases peculiar to women in the privacy of their own homes. It does away with the necessity for examinations and local treatment. It acts directly on the important organs concerned, making them strong, healthy and vigorous. It fits for widowhood and the burdens of household duties. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It banishes the discomforts of the time of expectancy and makes baby's advent easy and almost painless. Thousands have testified to its merits.

Over 1000 pages of medical advice free. Send 21 one-cent stamps, to cover mailing only, for a complete copy of Dr. Pierce's Common Sense Medical Adviser. Cloth bound 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

It is now expected that the commission will leave for Huntsville tonight.

Major David Vickers, inspector general for the second division, Third corps, at Chickamauga attributed the troubles in that camp to the shallowness of the sinks. He said also that some of the regimental officers insisted on making poor selection of camp sites, and in one instance a Mississippi colonel, who had put his men in a swamp, had insisted upon remaining on the ground that the Mississippians had a natural affinity for swamps. Major Vickers also complained that the drinking water was poor. He thought that the camp site was unfit for so large an army, but so far as food went the privates were far better off than the officers. He said that at one time the beds of all the patients were on the floor and there were some cases in which some of them were on the ground.

Lieutenant Colonel Bisbee, in command of the First infantry, told the story of the transportation of his regiment to Santiago, briefly described the fighting about Santiago, spoke of his experience in Cuba, of the return to Montauk Point and of the stay at that place and the transfer south.

Asked if the landing at Santiago could have been accomplished if opposed, he replied: "The facilities were so poor that I think not, at least, I should say, if I had been on shore no enemy would have been permitted to land. I cannot say how it was with the Spaniards."

He said there was considerable difficulty in getting food while in front of Santiago, "but we had enough. If there had been more to eat the men would probably have been sicker."

Replying to charges made by a signal corps lieutenant in the Chickamauga hospital, Dr. Drake said he had seen maggots on one occasion in a box in the hospital, but never on patients. Often the men came there lousy but they did not remain so.

Major Joseph H. Heatwole, chief commissary of subsistence, said the quality of the rations had been excellent. As for the quantity a man would have to be a gourmandizer to eat it. Major Heatwole was excused.

## AGUINALDO'S RIVAL

General Pio Del Pilar Arrested For Disregarding Orders.

Manila, P. I., Oct. 25.—General Pio Del Pilar, who is looked upon as being the foremost rival of Aguinaldo for the leadership of the Philippine insurgents, has been summoned to Malolos, the insurgent headquarters, and arrested. The charge against him is disregarding Aguinaldo's authority and attempting to defy the Americans. Aguinaldo has tried to remove several of the insurgent officers who are uneducated and unfitted for their positions, but he has been compelled to reinstate them. Aguinaldo is desirous of going to Paris for the purpose of appearing before the peace commissioners, but he is prevented from so doing by the jealousies existing between the insurgent leaders.

## Complain of American Treatment.

Madrid, Oct. 25.—The Imperialist of this city says that no victor ever treated the vanquished as the United States is treating Spain. The government has received a grave dispatch from Porto Rico announcing that the American general there is acting toward Spain as the European nations have treated China. He ordered a Spanish steamer to embark the remainder of the Spanish troops at Porto Rico, in spite of the protests of her captain, who had orders to go to Havana to embark sick soldiers. Our government will probably protest against such action.

## Transports Ohio and Indiana.

San Francisco, Oct. 25.—The transport Ohio will come from the hands of the repairers tonight and be ready to take on troops tomorrow or Thursday. The Indiana, which has been loading for some days, will be ready at the same time and both vessels will probably be on their way to Manila by the end of the week. No effort will be made to dispatch them together, as they have a different rate of speed.

## Will Go to Manila.

New York, Oct. 25.—The cruiser Buffalo will leave the navy yard today for Manila. Sailing orders were received yesterday and work was rushed all day long to get the vessel's supplies of coal and stores aboard. The Buffalo will cross the Atlantic and go through the Suez canal, and it is expected she will arrive at her destination before the battleships Iowa and Oregon.

## REV. DR. HALL'S WILL

Estate of the Noted Presbyterian Left Entirely to His Family.

New York, Oct. 25.—The will of the late Dr. John Hall, pastor of the Fifth Avenue Presbyterian church, bequeaths nothing to charity. A number of small bequests are made to relatives, including \$100 to George Hosford of Hudson City, St. Croix, Mich., the only survivor of Dr. Hall's family on either side. All his real estate in Kansas goes to his son Robert William, all his real estate in Chicago to his son Thomas C. The rest of the estate is divided among the five children and the widow.

The will discriminates against one of the sons, Bolton Hall, who is a socialist and has interested himself extensively in labor matters. He is to receive only a life interest in the income from a certain part of personal property after the death of the testator's widow.

After the death of Mrs. John Hall, the executors are given power to advance to him at any time they shall deem it advisable and for his best interests the whole or any part of his share. The remainder goes to his widow or children at his death.

One of the most distressing sights, is to see a child almost choking with the dreadful whooping-cough. Give the child Dr. Bull's Cough Syrup, the greatest pulmonary remedy, and relief will come at once, the coughing spells will re-occur less frequently, and, in a few days, the sufferer will be entirely cured. No other remedy can boast of so many cures.

## KILLED TO DEATH

From Cuts Indicted by His Brother-in-Law.

Louisville, Oct. 25.—Philip Cooke, a letter-carrier, was killed by his brother-in-law, A. C. Robbins. The latter had been on a drunk for some time, and his wife left him and went to her brothers. Robbins went to Cooke's home and insisted on her returning home with him, which she refused to do. Cooke then told Robbins to get out and that his wife would not return until he was sober. At this Robbins stabbed Cooke three times, cutting him twice in his leg, severing an artery from which he bled to death.

## FOUR BLOCKS OF FIRE

Conflagration in the Shipping District of New York.

## TWO VESSELS IGNITED

From a Burning Pier and Towed Into the River—Sailors Compelled to Jump Into the Water to Save Their Lives. Damage Amounts to \$500,000—Fire Started in Bales of Jute.

New York, Oct. 25.—Fire broke out yesterday afternoon at Pier 39, East river, Brooklyn, and did damage to the amount of \$500,000.

Pier 39 adjoins the naval stores of George L. Hammond, extending from Coffee to Walcott streets. At Pier 39 the 4-masted British ship Andorehna was lying, discharging a cargo composed principally of jute bolls, salt-petre, shellac and raw silk. A north wind fanned the flames fiercely and in a few minutes the waterfront for four blocks, extending from Vandyke to Walcott streets, was ablaze. Three alarms and special calls were sent out, bringing to the scene of the conflagration all the fire apparatus in the lower half of the city, together with four fireboats from Manhattan and the two belonging to Brooklyn.

Heavy black smoke settled over the East river as far north as Long Island sound and extended over the lower part of Brooklyn so it became necessary to light lamps in business houses.

Among the heaviest losses is that of George L. Hammond, owner of the naval stores, which is placed at \$100,000. The Andorehna is owned by F. W. Roberts of Liverpool, Eng., and valued at \$300,000. She was consigned to Ralli Bros., commission merchants.

The blazing vessel was towed down to the Gowanus flats and probably will prove a total loss. The Brooklyn Wharf and Warehouse company, according to the best estimates, will lose \$150,000. The 3-masted schooner Wacawam, loaded with benzine, alcohol and turpentine, which arrived from Georgetown, S. O., earlier in the day, and was tied up at the foot of Coffee street, took fire and was towed out into the stream where the flames were extinguished.

A large part of the cargo of the Andorehna had been discharged, and when the fire started two lighters were loaded with jute from her hold and tied between piers 39 and 40. The loss to these lighters will be about \$25,000.

Inspector of the fire department last night said a number of the employees of the Hammond's stores declare the fire originated in the hold of the Andorehna. The sailors, however, say the fire started in the bales of jute on the pier.

So rapidly did the fire spread that the sailors aboard the craft were compelled to jump into the water to save themselves.

The German-American stores had 500 bales of cotton and 2,500 bales of jute stored in pier 39, all of which was destroyed. The names of the owners of this could not be learned.

## PHILIPPINE EXPORTS

Report Made by Belgian Consul to His Government.

Washington, Oct. 25.—Henry Morris, consul at Ghent, has furnished to the state department, as a matter of information, a translation of a report made by the Belgian consul at Manila upon the export trade of the Philippines during 1897. During that year there was a great increase in the export trade, notwithstanding the rebellion, the export of hemp alone increasing nearly 44,000,000 pounds. Copra exports also increased nearly 28,000,000 pounds, although the business only dates from 1892, prior to which time almost all the copra came from the Carolines. The exports of sugar by Manila decreased nearly 92,000,000 pounds, but at Cebu the contrary was the case, and in the Vassayas and Negros islands the product of sugar was greatly developed. The export of cigars fell off from 194,136,000 in 1896 to 169,465,000 in 1897.

London, Oct. 25.—Major General Wesley Merritt, who was recently in command of the United States troops at Manila, was married privately late yesterday at the Savoy hotel to Miss Laura Williams of Chicago, who recently arrived here from New York.

It had been planned to have the ceremony take place in St. Andrews' church, Westminster, but an illness which Miss

GENERAL WESLEY MERRITT.

Williams contracted during the voyage necessitated the simplest possible ceremony and the avoidance of exertion and excitement. Consequently only a few most intimate friends were present. They were Mrs. Norman Williams, the bride's mother; Norman Williams, Jr., brother of the bride; Lord and Lady Arthur Butler and Henry White, the United States charge d'affaires.

## PANA MINERS.

Union Men Think the Situation More Encouraging—Militia Leaving.

Pana, Ill., Oct. 25.—The union miners claim to feel more buoyant than at any time since the strike was begun. One reason is that notices have been posted in and around the mines stating that "no insurance would be paid." Pit boss Franklin has resigned, claiming that he could not risk his life with the careless negro miners. Henry Stephens, the negro who led the riot of three weeks ago, has left for Alabama, stating that he had enough of Pana. Other negroes accompanied him. The militia, it is stated, will leave this week. Troop B returning to Bloomington today. The negro miners have secured a preacher and organized a church. A negro school will also be opened with a negro instructor from Alabama.

## CAN'T LIVE.

Carson, is in a critical condition at the Protestant infirmary, and his physicians entertain no hope for his recovery. Commonwealth Attorney Allen, who was shot in the arm during the fight, is not seriously injured, and will be out in a few days. The shooting grew out of the disappearance of a picture of Major Carson's niece.

## Caught in the Act.

Mayfield, Ky., Oct. 25.—Burch Hollier and Leth Mitchell, white boys, planned, it is charged, a wholesale robbery of stores. They took Tom Holmes, colored, into their scheme with the understanding that he ship the goods away by freight after they had boxed them. Holmes informed the officers they would enter Leobridge's hardware store first to secure pistols and ammunition. Two officers hid there and arrested them when they smashed in the rear window.

## Cannot Be Extradited.

San Francisco, Oct. 25.—Mrs. Cordelia Botkin will not be extradited to the state of Delaware. If she is to be tried for the murder of Mrs. John P. Dunning the trial will take place in this state. Such is the conclusion reached by the superior court. Their decision is that under the law she cannot be a fugitive from justice in Delaware, a state she never set foot in.

## Entertained by the President.

Washington, Oct. 25.—President McKinley gave a dinner last night in honor of some personal friends among the bishops of the Episcopal church now in convention in this city. The dinner was given in the state dining room of the white house and covers were laid for 15. The floral decorations were elaborate and beautiful.

The ring has made up a board of election commissioners to suit themselves and have them at work today. County Clerk Long, D. B. Vance and Frank Brannan compose the trio. Peter Platter, who was appointed by County Chairman Waters in accordance with the law went down this morning but was refused admission to the circle. The "ring" had decided to ignore the law.

For weeks it has been evident that the leaders of the self-styled "loyal" republicans have been playing into the hands of the "official" ring at Brownstown. If any one has any doubts about their motives and purposes these are certainly removed now. As was anticipated they had an understanding with the ringsters about the make up of the board of election commissioners which meets today to make up the county ballot. It was pre-arranged that the law should be ignored and the appointment made by D. H. Waters, republican county chairman, entirely disregarded. This is conclusive proof that these "loyal" leaders mean to aid the Burrell ring every way they can, just as they have in the past. They have had an understanding with the ring managers from the beginning and every move they make makes this fact plainer.

The movements of this "loyal" crowd can no longer deceive any one. The people of Jackson county will rebuke the ring and their allies at the polls and triumphantly elect the citizens ticket which is made up of men who will uphold the law and administer the affairs of the county in the interest of the people.

The Salvation army men at Columbus have been put under arrest the second time for holding religious meetings on the streets. Too much religion to suit our brethren up there. Some of them say that preaching is very annoying.

THE SILVER MONEY NICARAGUA HAS

How free silver works has been described by W. M. Barton, who recently returned from Nicaragua, where he went with the canal commission. "The standard coin of Nicaragua," he said, "is the sol, represented in paper by the peso. The sol contains more silver than the American dollar, yet the value of the latter in that country usually fluctuates between \$2.50 and \$3.20 in Nicaraguan money."

"On the Atlantic coast the sol is worth between 25 and 50 cents more than in the interior, and many men make a business of buying silver coin in the interior, just as they would buy bananas and pineapples, and selling it on the coast."

"American silver dollars and silver certificates pass at par with gold in Nicaragua, and the business men are all anxious to get our coin or government paper, because it has a fixed value."

"The value of the Nicaraguan money is constantly shifting, and it is difficult for a man to tell what the money in his pocket is worth."

"The value of Nicaraguan money depends on the locality, even though the country is small. I had a check cashed in an inland town, and received \$3.06 in Nicaraguan money for each dollar my warrant called for. The same day another man with the commission had a warrant cashed in Greytown, on the coast, and received only \$2.65 on each dollar."

"The English sovereign is valued more highly than it is in this country, being worth \$5 in American money. One has to watch his money carefully. Guatemalan silver is quite extensively circulated in Nicaragua, and 20 cents of the money of the first named country is worth 26 cents in Nicaraguan currency."

TRUTH IS ASSERTING HERSELF

The convalescent soldiers sent from Santiago, Ponce and other ports had on their transports porridge and sirup, potatoes and beef stew with onions, fresh bread, tea or coffee with milk and sugar for breakfast.

Vermicelli soup, fresh beef, potatoes, peas, tapioca pudding and crackers for dinner.

Corned beef, dry hash, tea or coffee with sugar and milk, and fresh bread for supper.

That bill of fare is from the authorities, and the man who complained of it was either a camp-follower or a poor soldier.

The report purporting to come from a naval board of inquiry, of which Commander Wainwright was the head, giving credit to the captains for the defeat of Cervera was a fabrication. Commander Phillip, who was asked by the navy department about it, replied: "I saw report of Wainwright board first time tonight. Articles in papers today manufactured by a reporter entire; no word of resemblance between the two."

It is necessary to have more than this to discredit all the tales of camp horrors circulated by Democrats and yellow liars.

The rule of acceptance is in this instance false in one case false in all. A Dr. Seaman with rank of major, having charge of the sick on the transport Odom came home on that ship with a tale of woe. He looked up a yellow newspaper and the next day all enemies of the McKinley administration, including Spaniards, were chuckling over another case of mismanagement.

The army investigation commission sent for Seaman. He told the commission that the report was a lie and admitted that what shortcomings there were, if there were any, came from his own mismanagement. Step by step truth is beginning to assert herself in the self-conviction of manufacturers of falsehood.

There is an added sentiment in following the flag nowadays. It is a practical as well as patriotic one, that of the policy of the Republican party. That party carried the flag through four years of hard campaigns and bloody battles until it was placed above reunited states, now constituting the greatest and most progressive nation on earth; in times of peace it carried the glorious colors through depression of trade with the host of suffering workmen around them until prosperity was attained and happiness became the common lot of all; it bore the flag to the vast territory of Alaska, to the charming islands of Hawaii, to oppressed Cuba, beautiful Porto Rico and the far off but luxurious Philippines. Wherever the flag goes there goes Americanism, and wherever Americanism abounds there is peace, humanity and plenty. Follow the flag. The Republican party does not believe in pulling it down wherever it is placed, the Democrats would let it stay or pull it down to suit the needs of their party. That is the difference between the two great political organizations this campaign.

"Hogan's Alley" pleased the lovers of farce comedy so well of the Avenue last year that the largest audience of the season at that play house filled ever, seat last night. The pleasant surprise followed of seeing a much better performance than that of last winter. The company is stronger in every way, the specialties more entertaining, and freshness characterizes the songs and many of the jokes. The piece is one of the ordinary senseless strings of absurdities and furnishes an evening of almost continuous laughter.

Gilmore and Leonard, popular Irish comedians, head the company, and as Hogan and Brogan furnish much of the fun. They do not monopolize the honors, however. Eddie O'Dell made a merited hit in that usually sad affair—a tramp specialty. Little George Mack earned half dozen encores with his songs in the second act. Mazie King proved herself a graceful and well trained dancer, and Snyder and Buckley gave an entertaining musical specialty as any seen in Louisville in recent years. The other members of the company are capable actors, and the girls look, sing and dance well. The performance "went" with a rush. It is just what pleases a majority of playgoers.—Louisville Courier Journal of Oct. 24.

Remarkable Rescue.

Miss Michael Curtin, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at W. F. Peter's drug store. Large bottles 50 cents and \$1.00.

MUST BE UNITED NOW

This will hardly penetrate the brain of a Democratic politician, but President McKinley, when he said it, was talking to a vast concourse of people who, irrespective of party, came to greet him. They appreciated it. "We have been united and are, therefore, strong and invincible in war. We must continue united until the end of this struggle. We must have no differences among ourselves while we are setting differences with somebody else, and when we have made that settlement in the interest of justice and civilization and humanity, then we can resume our old domestic differences if we want to."

Hon. William Vanamee, a leading lawyer, came from the recent New York Democratic state convention at which he was a delegate, and expressed his intention to vote for the Republican candidate for congress in his district. He will vote that way because he says: "It would be a national calamity, while the foreign policy of the present administration is being developed and enforced, if the hands of President McKinley should be tied during the last year of his term by a Democratic majority in the house of representatives under the ridiculous leadership of Mr. Bailey of Texas."

The Democrats have saved one issue this campaign out of the several they tried to raise. They are "agin the government."

No one has failed to observe the pitiful plight the relations of war mismanagement have put themselves in by insinuating horrors rather than giving facts. Their plea is always, "We are still in the service and cannot talk. When we are free, then we will lie freely." Of all the tales set afloat by this class of cowards, not one has had the strength to live a week. No stronger proof is needed of their lack of truth.

SPIRIT OF A NEW ERA

WHAT ONE SUPPORTS IN VOTING FOR REPUBLICANS.

An Illustration of American Patriotism and Progress That Have Electrified the World and Started the Wheels of Commerce.

If one asks what are the cardinal principles of the Republican party, he need only absorb the following epigrammatic patriotism uttered by President McKinley at the Omaha exposition to find out. "One of the great laws of life is progress, and no where have the principles of this law been so strikingly illustrated as in the United States. A century and a decade of our national life have turned doubt into conviction; changed experiment into demonstration; revolutionized old methods and won new triumphs, which have challenged the attention of the world."

"Hitherto, in peace and in war, with additions to our territory and slight changes in our laws, we have steadily enforced the spirit of the constitution, secured to us by the noble self-sacrifice and farseeing sagacity of our ancestors."

"We have made the triumphs of our system of government in the progress and prosperity of our people an inspiration to the whole human race. Confronted at this moment by new and grave problems, we must recognize that their solution will affect not ourselves alone, but others of the family of nations."

"In this age of frequent interchange and mutual dependency, we cannot shirk our international responsibilities, if we would; they must be met with courage and wisdom and we must follow duty, even if desire opposes."

"We must avoid the temptation of undue aggression and aim to secure only such results as will promote our own and the general good."

"We never enter upon war until effort for peace without it has been exhausted. Ours has never been a military government. Peace, with whose blessings we have been so singularly favored, is the national desire, and the goal of every American aspiration."

"The war was no more invited by us than were the questions which are laid at our door by its results. Now, as then, we will do our duty. The problems will not be solved in a day. Patience will be required; patience, combined with sincerity of purpose and unshaken resolution to do right, seeking only the highest good of the nation and recognizing no other obligation, pursuing no other path but that of duty."

"Patriotism banished party feeling; \$50,000,000 for the national defense was appropriated, without debate or division, as a matter of course, and as only a mere indication of our mighty reserve power."

"But if this is true of the beginning, what shall we say of it now, with hostilities suspended and peace near at hand, as we fervently hope?"

"Above all and beyond all, the valor of the American army and the bravery of the American navy and the majesty of the American name stand forth in unsullied glory, while the humanity of our conduct have given to war, always horrible, touches of noble generosity. Passion and bitterness formed no part of our impelling motive, and it is gratifying to feel that humanity triumphed at every step of the war's progress."

"The intelligent, loyal, indomitable soldier and sailor and marine, regular and volunteer, are entitled to equal praise as having done their whole duty, whether at home or under the baptism of foreign fire."

"Who will dim the splendor of their achievements?"

"Who will withhold from them their well-earned distinction?"

"Who will intrude detraction at this time to belittle the manly spirit of American youth and impair the usefulness of the American navy?"

"Who will embarrass the government by sowing seeds of dissatisfaction among the brave men who stand ready to serve and die, if need be, for their country?"

"Who will darken the councils of the republic in this hour requiring the united wisdom of all?"

"Shall we deny to ourselves what the rest of the world so freely and so justly accords to us?"

"The men who endured in the short, but decisive struggle, its hardships, its privations, whether in the field or in camp, whether on ships or in siege, planned and achieved its victories, will never tolerate impeachment, either direct or indirect, of those who won a peace whose great gain to civilization is yet unknown and unwritten."

HOW TO VOTE

Republican Ticket.

REP. For Secretary of State,  
UNION BANNER HUNT.  
REP. For Auditor of State,  
W. H. HART.  
REP. For Treasurer of State,  
LEOPOLD LEVY.

You must get your ballots and the blue pencil of the polling clerks in the election room.

If you want to vote a STRAIGHT REPUBLICAN TICKET, make a cross, thus X, within the LARGE CIRCLE at the head of the ticket containing the EAGLE. If you DO NOT wish to vote a straight ticket, you MUST NOT make a cross in the large circle containing the device of any party, but you must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote on whatever list of candidates it may be. IF THE LARGE CIRCLE AT THE HEAD OF THE TICKET is marked, and the ballot is marked at any other place, IT IS VOID AND CANNOT BE COUNTED, unless there be no candidate for some office in the list printed under such marked device, in which case you may indicate your choice for such office by making a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot is void and cannot be counted.

DO NOT MUTILATE YOUR BALLOT or mark it either by scratching a name off or writing one on, or in any other way EXCEPT BY MARKING IN THE CIRCLE OR ON THE SQUARES, as before mentioned. Otherwise the ballot will not be counted.

After marking your ballots, and before leaving the booth, FOLD THEM SEPARATELY, so that the face of them cannot be seen, and so that the INITIAL LETTERS of the names of the polling clerks on the back thereof can be seen. Then hand your ballots to the inspector, the pencil to the polling clerk, and leave the room.

If you are physically unable to mark your ballots, or cannot read English, so inform the polling clerks, and tell them how you wish to vote, and they will mark your ballots for you. But neither you or the clerks must permit any other person to hear or see how your ballots are marked. It is a penal offense to declare that you cannot read English or cannot mark your ballots, if, in fact, you can.

If you should accidentally, or by mistake, deface, mutilate or spoil your ballots, return them to the poll clerks and get new ballots.

You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent, and it is a penitentiary offense to have such a ballot in your possession, whether you attempt to vote it or not.

You must not attempt to hold any conversation in the election room except with members of the election board and the poll clerks.

You must not put any mark of any kind on your ballot except as before mentioned.

Use only the blue pencil handed to you by the polling clerk in marking your ballot. If you mark with any other pencil your ballot is void and will not be counted.

Neatly Caught.

A certain Greek adventurer some years ago undertook to palm off upon the public some false copies of the gospel manuscripts. Many learned men were deceived, but not Dr. Cox, Librarian of the Bodleian library at Oxford. How he detected the fraud is related in his own words in The Spectator:

"I never really opened the book, but I held it in my hand and took one page of it between my finger and thumb while I listened to the rascal's account of how he found this most interesting antiquity."

At the end of three or four minutes I handed it back to him with the short comment, "Nineteenth century paper, my dear sir," and he took it away in a hurry and did not come again.

Yes, I was pleased, but I have handled several ancient manuscripts in my time, and I know the feel of old paper.

## A PERFECT LITTLE GENTLEMAN

The well dressed boy is usually a manly little fellow. Shabby clothing has kept many a boy from doing an un-called-for act of politeness. The boy with shabby clothes doesn't wish to call attention to them. Boys have feelings you know—they care as much as you do—although they don't show it.

Now we have the ambition to perfectly clothe every boy in Seymour. The material we furnish will wear, will not get shabby, will look well until the end—and they will resist the efforts of the most vigorous boys.
